I live in a small rural town which I'm thankful for. I'm even more thankful for it now. If this keeps building we could see unprecedented violence in dense cities first. You might want to start planning your course of action now. I know this, Dems are lovin COVID/Riots.

As a student of American History, I believe (like most other Historians) that if there is ever another Civil War in America, it will be waged largely in the big cities. The first Civil War was fought primarily in the rural areas away from the cities.

I saw a video clip (from one of these riots) where this big, angry fellow yelled into the reporter's microphone that "when we're done with the city, we're going rural.

What an absolute embarrassment this is to have to explain to our children..

99.9% of all Police officers are good men and women... A few bad ones exist in every profession in every society..

Now we have to explain how they justify a death by stealing & burning their cities..

I'm old enough to remember when conservatives that refused to wear masks, and peacefully protested... were all that is vile, and evil TERRORISTS!

But now, looters and arsonists are deemed demonstrators

Multiple police officers around the nation were killed last night in the line of duty... Salt Lake City was one of them..

The Media is silent..

This is an attack on our Freedoms by the left, & it must be dealt with accordingly. This isn't about George Floyd, it's about Anarchy!

You're seriously IGNORANT enough to blame an older man for defending himself from the mob who was beating on his car until he got out with his bow & arrow

Then they beat the living hell out of him

He's probably dead, & you're justifying this.. Of course you worked for Clinton

The National Guard has been released in Minneapolis to do the job that the Democrat Mayor couldn't do. Should have been used 2 days ago & there would not have been damage & Police Headquarters would not have been taken over & ruined. Great job by the National Guard. No games!

Using force against the American people who are angry and suffering is not going to end well. We need a leader who can address the fundamental concerns about racial and economic justice that is tearing our country apart. Income inequality is just ridiculous and unsustainable.

George Floyd was publicly lynched for the equivalent of stealing bread during a pandemic where more than 40 million Americans lost their jobs. Income inequality is worse now in the United States than it was in France before the French Revolution. Something has got to give.

Serious question.

Why is it not considered racist to say "white supremacist" or "redneck" on social media?

Why is that acceptable?

My quick search for statements by Pelosi & Schumer condemning the violence, rioting, looting & arson finds nothing. As best I can tell, not a word. Their silence is shockingly irresponsible. Biden's staff is donating to a group that funds the release of rioters. Unbelievable.

However, 36% of all abortions are by black women...which make up only 14% of the childbearing population.

Lets stop giving our babies the death sentence!!

Abortion impacts African Americans at a higher rate than any other population group. In 2011, the Centers for Disease Control and Prevention released an Abortion Surveillance Report. According to that report, black women make up 14 percent of the childbearing population. Yet, 36 percent of all abortions were obtained by black women. At a ratio of 474 abortions per 1,000 live births, black women have the highest ratio of any group in the country.

The National Guard has been released in Minneapolis to do the job that the Democrat Mayor couldn't do. Should have been used 2 days ago & there would not have been damage & Police Headquarters would not have been taken over & ruined. Great job by the National Guard. No games!

My heart hurts so freaking bad right now for the city of Dallas

For all of America

Our beautiful country is on fire tonight

It's not the police's fault

It's not an issue of racial inequality

This is a civil war here on our streets

I'm crushed

So why is she bailing them out

The President of the United States is completely out of touch if he blames "Radical Left Anarchists" in "Democrat run cities" for everything. The protests have spread nationwide and even internationally in London and Copenhagen. This is so much bigger than Trump wants to admit.

Massive income inequality leads to a police force that serves and protects the rich while stepping on the necks of the struggling, hard working people. More than 40 million Americans lost their jobs and they lynched George Floyd for stealing bread. This is a global problem.

Anyone calling this man a racist, or anything else is a real POS. This is a veteran Marine who served his country who was protecting his business.

The Left's goal is to pressure Trump to authorize the national guard to fire on the rioters—thereby proving he's a murderous tyrant.

They don't care how many Black neighborhoods must burn in the process.

I don't know how anyone in good conscience can ever vote Democrat again.

So these people get @NYCMayor @NYGovCuomo blessing, but we, small businesses who are safe and social distanced and sanitized cannot operate? Protestors may have rights, but rioting is not ok. We also have rights. But R ignored 4 cuz #curruption. Killing ppl is ok,but we're not.

Remember a week or two ago how people that wanted to get out and go eat, or go to the park or the beach we're called selfish, irresponsible, dangers to the public...

Where are those people now with the protesters and rioters? Are they not selfish, irresponsible and dangerous?

These riots can be prevented.

I did it with massive protests of police brutality kept lawful.

I did it following 2 major riots under my predecessor; a pogrom in Crown Heights and a riot in Washington Heights.

A riot was impossible when I was Mayor.

George Floyd's death is deeply disturbing, & I welcome quick action to get justice for him in accordance with law.

And we should always respect the rights of peaceful protesters.

But anarchy, looting, and rioting–we have zero tolerance for that, and it needs to end tonight.

Also, how do you square being someone who wants to expand gun rights to "protect" the people from a tyrannical government ... while advocating a tyrannical response to people protesting?

Or is it only tyranny when a Democrat is in power?

Anarchy, rioting, and looting needs to end tonight.

If local law enforcement is overwhelmed and needs backup, let's see how tough these Antifa terrorists are when they're facing off with the 101st Airborne Division.

We need to have zero tolerance for this destruction.

Anyone trying to silence any kind of free speech in America is a problem..

You don't have to agree with someone, but they do have a right to speak.

Riots are not speaking, burning buildings, breaking the law, stealing, mob jumping people, that's NOT Free Speech!

Trump is a Twitter keyboard warrior hiding in his bunker away from the American people and talking smack about having vicious dogs and ominous weapons to use on protestors. Washington, DC is burning and Trump is cowering away not even addressing his own people. This is shameful.

Trump hides in his bunker pissing his pants like Adolf Hitler.

This is yet another organized coup attempt on the Trump Presidency and should be treated as such.

The Democrat Party is the enemy of the American people. They want anarchy in America, and they should be held accountable.

Anyone trying to silence any kind of free speech in America is a problem..

You don't have to agree with someone, but they do have a right to speak.

This is yet another organized coup attempt on the Trump Presidency and should be treated as such.

The Democrat Party is the enemy of the American people. They want anarchy in America, and they should be held accountable.

They want full control. Anarchy is the means by which they are attempting to achieve it. This week
If they were to succeed #Anarchy would become the new #OrangeManBad

"Trump" is leading in all swing states. Heavily biased Democrat Poll, just like 2016. Biggest "enthusiasm" lead ever!

> Biden support soft? In new WP poll, Biden has big lead--10 points--over Trump with registered voters nationally. But also signs of softness in Biden support. 87% of Trump supporters say they'll definitely vote Trump. For Biden, number is 74%. ow.ly/km4o50zVt6b

"Trump" is leading in all swing states. Heavily biased Democrat Poll, just like 2016. Biggest "enthusiasm" lead ever!

Biden support soft? In new WP poll, Biden has big lead--10 points--over Trump with registered voters nationally. But also signs of softness in Biden support: 87% of Trump supporters say they'll definitely vote Trump. For Biden, number is 74% ow.ly/km4o50zVt6b

Governor Abbott, U.S. Attorneys Announce Federal Prosecution For Protest Agitators Violating Federal Law

AUSTIN – Governor Greg Abbott, along with all four United States Attorneys in Texas, announced today that individuals who come to Texas from out of state to engage in looting, violence, or other destructive acts in violation of federal law will be subject to federal prosecution. Anyone who is arrested and charged with such offenses will be transferred to federal custody. The United States Attorneys will be working with local prosecutors and law enforcement officials to aggressively identify crimes that violate federal law. The four United States Attorneys joining this announcement are: John F. Bash, Erin Nealy Cox, Stephen J. Cox, and Ryan K. Patrick.

"Texans must be able to exercise their First Amendment rights without fear of having agitators, including those coming from out-of-state, hijack their peaceful protest," said Governor Abbott and the U.S. Attorneys. "Today's announcement will ensure there are harsh consequences for those breaking the law and that they will be prosecuted to the fullest extent of the law."

Sending the National Guard to NYC would send a clear message that America is a brutal military dictatorship ruled by a coward hiding in a bunker only to emerge to tear gas his own people for a photo-op in front of a church he never attends with an upsidedown Bible he never reads.

When are they going to arrest the other three officers who are Asian, Hispanic, and Somalian?

Funny how no one in the press brings it up that only one of the four cops was white, but that's the entire focus is that the police are bad, and white people are bad. This is sickening!

One of the people murdered last night was a retired St. Louis City Captain. He was murdered by looters at a pawnshop. He was the type of brother that would've given his life to save them if he had to.

Violence is not the answer, whether it's a citizen or officer.

Trump also hides in his underground bunker and only emerges very briefly to give a military dictator's speech and gasses his own people like Sadaam Hussein or Adolf Hitler to do a photo op with an upside down Bible before returning to his hole in the ground like the devil. Scary

Actually he's just trying to stop the rioting and violence that you keep inciting and encouraging your followers to do. You'd think a group like this could do actual research, and realize that Floyd and Chauvin knew each other, and this story is just getting started..

> Today Trump declared war on the people of the United States, threatening states that if they did not request federal troops in their states, the troops would be deployed forcibly. That's illegal, and it would invoke a civil war

When are they going to arrest the other three officers who are Asian, Hispanic, and Somalian?

Funny how no one in the press brings it up that only one of the four cops was white, but that's the entire focus is that the police are bad, and white people are bad. This is sickening!

What happens when you don't stop a child from eating cookies out of the cookie jar? He keeps eating, right?

Now do you know why these rioters and miscreants keep going? There is no repercussions for their actions.

This won't end until they know you'll put them down hard!

I think their plan was to make us all so weak and kill a lot of us, so the takeover would be easier
The plan failed. They forged on anyway because the obedience was set in place, the masks, the select prisoners were released. We barely have money because we're told to stay home

Really sick to watch the Fake and totally Slanted News(?) coming out of MSDNC and CNN. It bears NO relationship to the Truth or Facts. They are merely offshoots of the DNC, much like the @nytimes and the Amazon @washingtonpost. Just like 2016, but worse. Sad, but we will win big

When the levers of justice are turned only to relieve pressure from terrorists, society is lost.

Kiss America goodbye. It was good before we turned all of our enemies loose on ourselves.

At what point do you stand up to a bully instead of pandering to them and caving-in to their demands?

Reaching across the aisle and trying to make peace is one thing! But, caving-in often only emboldens them.

Protestors in DC just began to swarm around my office building.

MPD blocked the street off & we were told to leave immediately.

Didn't realize getting off early is what they meant by white privilege.

Riots show what a farce the lockdowns are. If you can allow people to gather to protest, your argument for closing restaurants is a farce.
The riots are assuring a Trump re-election leading to more favorable climate for industry and commerce

I would appreciate it if you would sign our petition the White House on Seth Rich.. We're asking for transparency, and for the White House to use their power to force the DOJ to turn over documents that they're refusing to do!

The left has NO CLUE how angry President Trump's base is right now as they condone the looting, rioting, mob beating up, and burning of our nation..

November is coming, and it's Landslide, Game Over for the DNC and Democratic Party. They know it. It's Coming!

Probably the only thing Barack Obama & I have in common is that we both had the honor of firing Jim Mattis, the world's most overrated General. I asked for his letter of resignation, & felt great about it. His nickname was "Chaos", which I didn't like, & changed to "Mad Dog"...

...His primary strength was not military, but rather personal public relations. I gave him a new life, things to do, and battles to win, but he seldom "brought home the bacon". I didn't like his "leadership" style or much else about him, and many others agree. Glad he is gone!

When I met General "Mad Dog" Mattis at Stanford University, I believed him to be a genuine warrior & patriot. Now that I hear he's "denounced" the only man in DC who I see actually fighting to drain the rancid swamp, I have lost my respect for Mattis.

Riots show what a farce the lockdowns are. If you can allow people to gather to protest, your argument for closing restaurants is a farce.
The riots are assuring a Trump re-election leading to more favorable climate for industry and commerce

It's strange...

The media said we were all selfish because we didn't like the tyrannical lockdowns, and wanted to enjoy our freedom, go out to eat, the gym, church..

I've yet to hear one media person call the rioters or protesters selfish..

I wonder why that is?

How about an actual list, rather than a few tweets and reference to an article?

It's a nice thought, but most of us have seen that article or one like it already.

Lib argument strategy:
try arguing facts -> usually fail
move quickly to ad hominem argument -> sometimes win
shut down speech as "violence" -> surprisingly successful

As applied to Trump: he has the facts, he has no shame, he won't shut up.

Did you listen to Jesse Waters' analysis of what possibly caused the cop to kill him? They were working associates at a sketchy bar. This could be about anything other than racism. But murder is murder, and the copy did do that to Floyd.

So basically the new role of the miscreants and rioters along with the liberal left is this...

If you support the police, you're a racist..

Well, I support the blue as most of my brothers I work with are current or retired, and damn good men.

So sad. He seen a lot of things through the years and gave everything he had to make this a better world only to have some puke destroy it in just a few days. Does this mean every protestor should line up and kiss the shoes of the police and apologize? Seems fair to me!

It's local knuckleheads like this who are the instigators, the inciters, and the weak excuse makers. This doof was at the riot in Bentonville, (I will NOT refer to it as a protest).

These leftists are clueless.

Here he justifies looting. 😳

The government hasn't listened to the people. They only listen to the corporations. So out of desperation the people burn down businesses in hopes that if the government won't listen to the people, the corporations will advocate for the people as it is hard for them to operate if they keep getting destroyed by angry rioters. The time for a peaceful solution to this problem has long passed. Something could have been done after the murder of Eric Garner but it wasn't. Don't blame the rioters. They didn't choose this. The government chose this. The people will no longer stand by while law enforcement systematically murders people of color for sport.

Just like everyone does in America. The way he was grinding that knee on his neck, it seemed more personal, would like to know more about their history together since they used to work together.

The problem with asking for someone to give you a letter of resignation, which you do as a courtesy to help them save face, is that it is then harder to say you fired them. I did fire James Mattis. He was no good for Obama, who fired him also, and was no good for me!

I've seen people ask about what gun to get for home defense. Looks like a good thread:

1) glock 17
2) glock 26 or sig sauer p365 for Conceal and Carry
3) mossberg 500
Shotgun
4) AR-15
5) Flashlight
6) Cameras / ring

Get training. Practice. Rinse repeat

I am to happy announce that Navy Veteran, Michael White, who has been detained by Iran for 683 days, is on a Swiss plane that just left Iranian Airspace. We expect him to be home with his family in America very soon.

Why.. Because they have class & dignity & honor.. Unlike what we're seeing from rioters.

We've seen incorrect reports saying we've removed some LEGO sets from sale. To be clear, that's not the case and reports otherwise are false. Our intention was to temporarily pause digital advertising in response to events in the US. We hope this clears things up. ❤

One of these days these SJW's are going to need a police officer...

And that officer because he took an oath will still help the POS that called him a "Pig" and chanted "F*** the Police"..

Why.. Because they have class & dignity & honor.. Unlike what we're seeing from rioters.

"Defund the police"

I'd love to have some of the people trumpeting this go on a ride along in a big city. The domestic violence calls that don't stop. Child and animal abuse calls. Suicide attempts. Shootings. Stabbings. Assaults. Who do they think handles all that violence?

This knucklehead is a consummate leftist who enjoys bullying. He lost his job at a radio station for these incendiary commments. Rightfully so!

Here we see him inciting violence to police. It's fairly obvious.

If you watch the video, the guy is wearing a "blood pack". You can see the tube running across his back, and he's holding the trigger mechanism in his left hand. The whole thing was a fake, so that CNN and MSDNC could tell us how horrible the police are again. Disinformation.

TRUMP IS SICK. He literally just said: "Hopefully, George is looking down right now in saying this is a great thing happening for our country. A great day for him"

No, you sicko, he's not happy. He's dead because of the racism that you have allowed to take hold in America!

Instead of celebrating an economy that is worse than the great recession, you should be mourning the loss of George Floyd. You still refuse to utter the words "BLACK LIVES MATTER!" Go continue hiding behind your #babygate

Good Luck with that..

Trump spent over an hour yapping nonsense on TV today, and not once could he take a 2 seconds to simply say "Black Lives Matter."

An obvious lie, considering the McDonald's is right up the street. But what kind of person lies about something like this?

Daniella Díaz @DanielaMicaela

@ewarren told us she walked 2.2 miles today and got breakfast at McDonald's. #FITN

I already limit my shopping at Wal-Mart. I stopped shopping at Target almost 2 years ago. Dollar General has become my go to. I just don't get why businesses feel like they need to get involved in politics.

Reading the comments it's absolutely unbelievable, and a testament to why we have never had the backing needed to solve this case.

These documents are being marked as "Attorneys Eyes Only" they will not be made public, which I do not believe people are understanding at all.

Furthermore, for the "You should go to Jail crowd" or the "You should take one for the team crowd" I've already lost a six figure job, lost my marriage, and I'm a single Dad, with two young daughters, and over $100,000 in legal fees and counting.

It's easy to be a spectator.

5 · 31 · 177

Matt Couch @RealMattCouch · Feb 10

Those without logic and common sense don't consider I would literally lose custody of my children if I spent an extended period of time in Jail. The folks running their mouths can't even donate $5 a month, let alone help me take care of my two daughters if I went away.

This was in Fayetteville, NC. The historic building they tried to burn down is the Market House. It is a target because of the lie that "slaves were once sold there". It was the city center & foreclosed property was auctioned off in the 1800's & slaves were included as property.

Lego is a horrible company. They are so greedy that they have banned anyone except major sellers and retail chains from selling Lego sets on Amazon. They are not for the small mom and pop businesses, they are corporate fascists.

We might take these protesters a little more seriously if they didn't encourage their followers to show up in all black, wear masks, & screaming resist

Just think if these folks were carrying an AMERICAN flag & wearing red white &blue instead of hating everything about America

Man, if this much effort was put into preaching the gospel and telling people about Christ and what He did for us... This world would be a very different place. There wouldn't need to be protests about this. In Christ, there is no difference in people.

I love you all, but we're in big trouble... 85% of conservatives are too scared to even speak up right now, and that leaves us with Revolutionary war like numbers, maybe 3-4% to make a stand.

If you watch the video, the guy is wearing a "blood pack". You can see the tube running across his back, and he's holding the trigger mechanism in his left hand. The whole thing was a fake, so that CNN and MSDNC could tell us how horrible the police are again. Disinformation

This was in Fayetteville, NC. The historic building they tried to burn down is the Market House. It is a target because of the lie that "slaves were once sold there". It was the city center & foreclosed property was auctioned off in the 1800's & slaves were included as property.

I was on the receiving end in High School. I will never kneel to another race or anyone who is not my Savior Jesus Christ! I will never apologize for my skin color. Time for people to rise up and take accountability for their own actions. Racism is a behavior!!

One evening at the end of the school day · halls were empty and one walked up & blindsided me · I threw her to ground, sat on her and told her to never do it again. She didn't · It was also the first time in my life · was thankful for having 3 brothers that taught me fight.

Man, if this much effort was put into preaching the gospel and telling people about Christ and what He did for us. This world would be a very different place. There wouldn't need to be protests about this. In Christ, there is no difference in people.

Two key Points about Trump & the Economy (1) Republicans spent trillions of our dollars to making the rich a little richer in the first few years, did nothing but maintain Obama's trends (2) Then the economy crashed due to Trump's mismanagement of COVID-19 & economy.
